on erroneously stated that the French all United States Governments have arrived at an undestanding with regard to Mexican affairs. It is known, illine has not met his pecuniary enwith Napoleon for keeping the French troops Mexico and that the French Emporer is not willing FRANCES GLOO support a military force there at his own expense.

AN IMPORTANT OPINION.

direens, the Malden Murderer-his Sentence not to be Commuted.

Boston, Tuesday, Jan. 2, 1866.

The question of commuting the sentence of Midward W. Greene, the Malden murderer, to imprisconnect for life, was decided at a meeting of the Exceugive Council to-day, in the negative. The vote stood three for imprisonment and six for hanging.

Later from the Philiadelphia Fire.

All the money packages from Harnden's

All the money packages from Harnden's

Express are safe, and the greater part of the freight
on the building was removed.

It is now supposed that the total loss will be \$250,000,
but the amount of insurance is large and will probably
mearly cover the loss.

The firemen worked manfally to subdue the flames,
and at one time were pouring of streams of water on
the rear end of the building.

The site of the building was formally occupied by
the old Chesinucst, theater.

A SAFE BLOWN OPEN BY BURGLARS.—Early and Monday evening. Officer Corbett of the Second Precincet, while passing through William st., leard the noise of an explosion, and after making due scarch, found that the jeweiry store Ns. 115 William st. had been entered by larguars by means of take keys.

He further discovered that the burglars had drilled holes around the lock of the safe which contained the more valuable portion of the jeweiry, and by inserting powder in the holes had fired it by means of a fine. The holes of the explosion frigtened the thieves who reasway, in their haste leaving behind them all the valuables and a set of burglars' tools.

At Waterloo, Wis., two children of a Mr. Garrison, wo of Mr. Drew, and two other persons, all of whom ad drank of the milk of a cow which a mad dog was aid to heve bitten several years before, have died rithin a few days previous to Dec. 26, each manifesting il the symptoms of hydrophobia.

If the symptoms of hydrophobia.

It is probable that the It was found that the reeds, however well made, David Street, General Agent Holladay's Ovfavor. The reed is a small tonghe of metal inserted.

A new steamboat of the following and depth of free. The wind rushing through the opening or slot, one end heing through the opening or slot length 250 feet, breadth of beam 35 feet, and depth of free. The wind rushing through the opening or slot boild of feet built for the Lower Hudson Steambeat Co will be launched from the ship-yard of C. and R. Peillen and the free end in vibration and thus produces a mustset at the free end in vibration and thus produces a mustset at the free end in vibration and thus produces a feet free end in vibration and thus free cal tone according to the thickness and other conditions of the metal. After a series of experiments microscopic and otherwise, Mr. Carbart decided to discard th materials of which the reed had up to that time been made, substituting therefor brass, with an admixture of nievel. Experiments at the rolling mill disclosed the fact, upon minute observation, that the reeds cut WALLACES THEATER-LOST IN LOSSON lengthways were poor, the grain had, and the fiber OLYMPIC THEATER-MOSTE CHETC; Or, THE LONE CHAPTER WITH CHAPTER OF THE CHAPT shaley, and that cut cross wise of the rolling they were perfect. This point of strength gained, it only remained NIBLOS GARDEN-GREEN BUSINES, OR A HEYDERD YEARS National Delegate Meeting of the Colored to discover the means of voicing the reeds. After WINTER GARDEN-EDWIN BOOTH IN HANLEY.

quence to patent, but which have been generally adopted throughout the trade.

The instruments manufactured by Carbart & Needham, every part being invented and developed by PROGRESSIVE SOCIABLE—Ebbie Hall, 23d-c. them-for Mr. Needham has contributed valuable mechanical aid-are distinguished by the thoroughness and completeness of their construction, by the perfect voicing of the reeds, the consequent rare equality of the scale, the soft and metodiout beauty of their tone, combined with power, and for the simple yet admirable mechanism, which affords every aid to the performer and fully developill the powers of the instrument.

Their manufacture embraces every grade of the reed instruments, from the small, single-banked Melodeon, to the Parior Organ, with two banks of keys, several stops and two octaves of pedals, and higher up to the pedal tones, and its rich and imposing case. Their exhibition at the recent Fair of the American fustitute in New-York was a triumph of American skill. Beside Organ, of two banks of keys, two octaves of pedals and fourteen ranks of reeds. arranged one over the other, filling the case to its whole hight, and affording a variety of stops not to be found in any other reed instrument. In this instrument they achieved what has never been accomplished before the material and the case to its whole hight, and affording a variety of stops not to be found in any other reed instrument. In this instrument they achieved what has never been accomplished before the material improvement, the Decker Piano has during the three years that it has been before the matical Company, No. 426 Broadway.

To Consumptives.

ranted. Wholesale and retail, No. 10 Astor Parus.

Having been re-elected Treasurer of the Union Association (12d December, 1855) of the Eighth Association (12d December, 1855) of the Eighth Association District, and not having been batrasted with one cent of the funds in 1955 by the Executive Committee, and after having been unminenously nominated by the Association for Alderman of the Eighth District, and having baff my tickets taken out of the Union boxer at 12 o'clock election day, and tickets of one of my Democratic competitors having been substituted in places of mine. I therefore consider my character and standing in community will not allow my being connected with the above Association and jonger; so I bereby decline the Treasurership, and ask to have my name to be made A CATS PAW ANY MORE.
